## First housing development in Tampines North

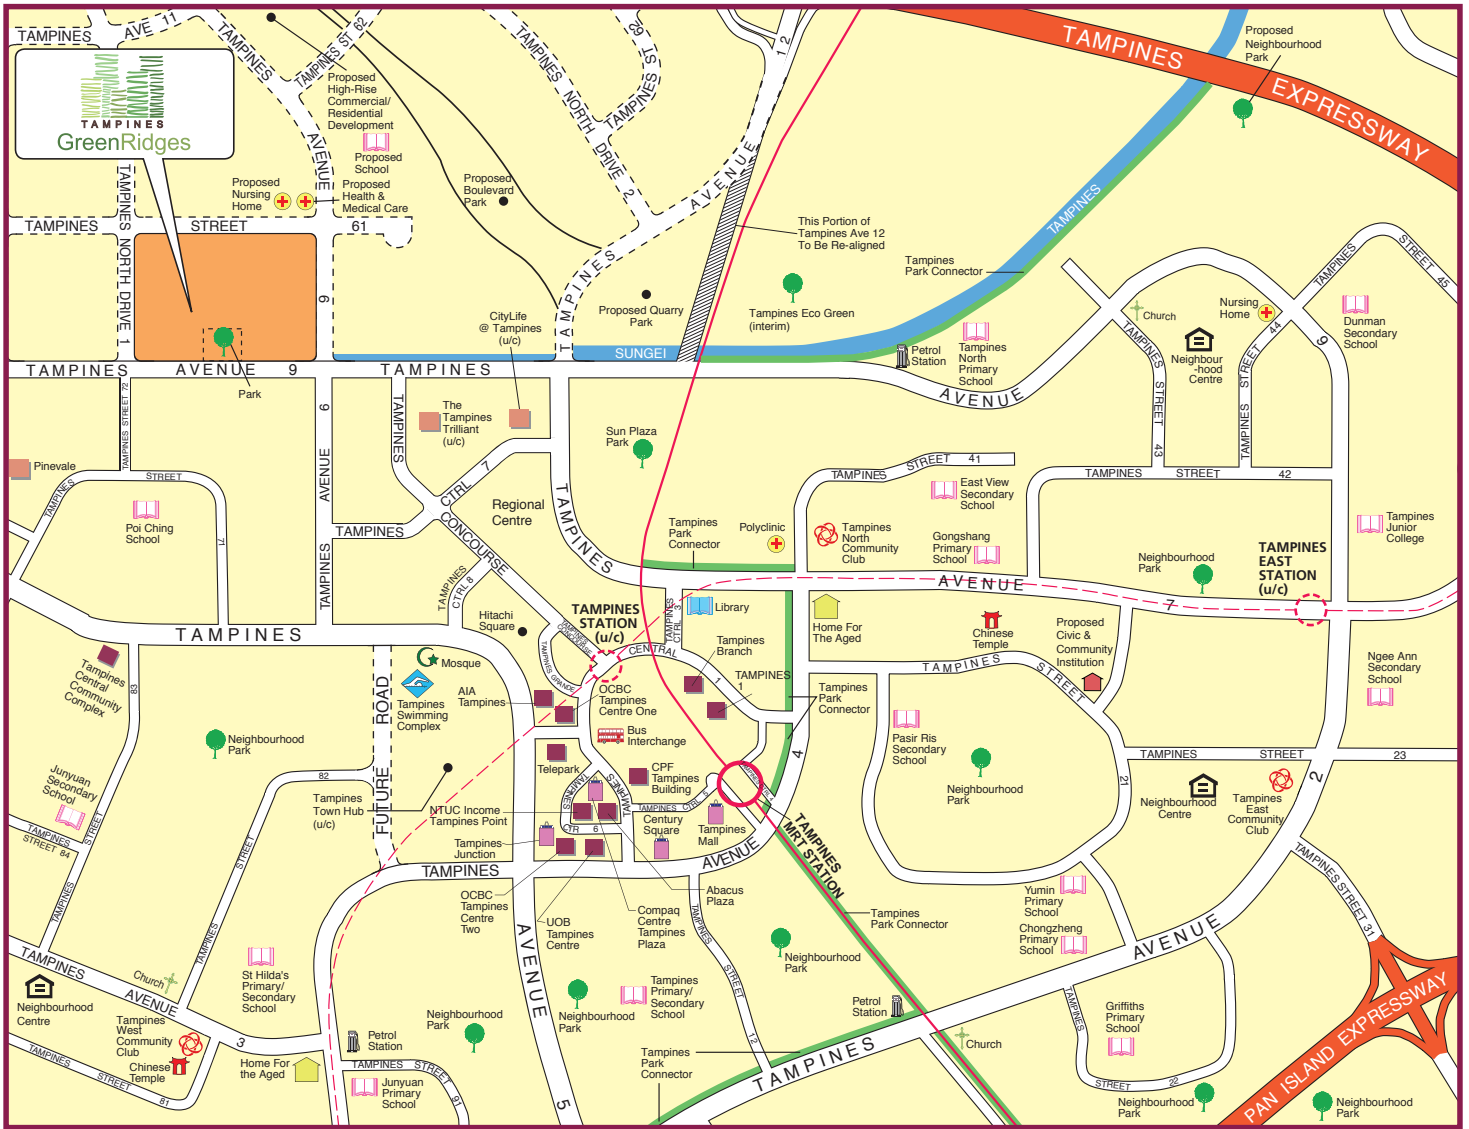

Tampines GreenRidges is the first housing development in Tampines North, and it will be located along Tampines Avenue 9. You can choose from the 1,496 units of 3-, 4-, 5-room and 3Gen Standard Flats housed in 14 residential blocks ranging from 14 to 16 storeys in height. One other residential block within Tampines GreenRidges is set aside for rental housing, making a total of 15 residential blocks in this development.

The residential blocks at Tampines GreenRidges are designed in line with Tampines North's tranquil living environment, and come in varying heights with green stripes on their facades, creating an imagery of mountain ridges. This in turn gave inspiration to the name Tampines GreenRidges.

## Abundant Facilities

At the heart of Tampines GreenRidges is a central green spine, widely shaded by trees. Here, residents can enjoy the use of the children's playgrounds, adult and elderly fitness areas, and jogging track, all amidst a lush green backdrop. Alternatively, one can also head to the little gardens around the estate for some quiet contemplation. This central green will link to the Boulevard Park planned across Tampines North.

Landscaped decks are designed atop the two blocks of two-storied car parks. These green decks will feature playgrounds, fitness stations, pergolas, and jogging tracks. They will also provide seamless access to other housing developments to the north and south of Tampines GreenRidges. For easy access within the development, there will be linkbridges to connect these green decks to the residential blocks.

*Artist's Impression*

Abundant facilities await residents at Tampines GreenRidges as a supermarket, eating house, and several shops will be provided within the development. In addition, a childcare centre and Residents' Committee Centre will be provided to offer more convenience for residents.

## Eco-Friendly Living

To encourage a 'green' lifestyle, Tampines GreenRidges will have several eco-friendly features:

- Separate chutes for recyclable waste.
- Motion sensor controlled energy efficient lighting at staircases to reduce energy consumption.
- Regenerative lifts to reduce energy consumption.
- Eco-pedestals in bathrooms to encourage water conservation.
- Bicycle stands to encourage cycling as an environmentally friendly form of transport.
- Use of sustainable and recycled products in the development.
- Pneumatic Waste Conveyance System provides clean and fuss-free waste disposal.

## Homes for Everyone

Tampines GreenRidges offers 3-, 4-, 5-room and 3Gen Standard Flats. These flats will come with three-quarter height windows in all rooms.

The flats at Tampines GreenRidges will come with floor finishes in the kitchen, household shelter, service yard and bathrooms. Wall tiles will also be provided in the bathroom and kitchen. For added convenience, you may opt in to have floor finishes installed in the living/ dining room and bedrooms of your selected flat. You may also opt in to have sanitary fittings installed in the bathrooms – wash basin, water tap and shower mixer. These sanitary fittings, together with internal doors, will be offered as a package. The cost of installing these optional components will be added to the selling price of the flat.

To provide a sense of spaciousness and greater flexibility in furniture layout and design, all the 4-, 5-room and 3Gen flats will come with an open kitchen concept. You can carry out the necessary extensions to the electrical, water and gas points provided in the kitchen as part of your renovation plans. Alternatively, you may opt in to have a partition wall installed between the living/ dining area and kitchen. The cost of this optional wall will be added to the selling price of the flat.
